OPENING SERVE...

September has been a hugely busy month at the Club, with so many different events taking place. At the beginning of the month we held our AGM, celebrating the Club's progress over the last year. The full minutes of this have been shared with members.

We also held both our Junior and Senior Club Championships. Congratulations and thank you to everyone who played in these tournaments. They were both played in the best of Coopers Hill spirit and with some great matches on show. Special congratulations to our winners!

Looking ahead to October, we are excited that the work to upgrade the floodlights will begin on Monday, 5th October. This is expected to last around 2-3 weeks, during which Courts 1 and 2 will be closed. We apologise in advance for any inconvenience while this work takes place, but very much hope this will make a significant improvement for those wanting to enjoy games under floodlights.

Our Woking League Teams and Ladies Midweek League begin their matches for the season too and we wish all of our players the very best of luck for a successful season.

COMMITTEE

Within the recent AGM minutes, members will have seen that a number of opportunities to join the Committee are now available. At present, the Club is run by a committee made up of volunteers: Mark Sansbury is the Chairman, Tim Lovegrove is the Safeguarding Officer, Secretary and Woking League Representative and Bernadette Trelawny is the Treasurer. Linda Agar works alongside the committee as Membership Secretary. All the committee members balance work and family life with managing the tennis club. The committee oversees the day-to-day running and maintenance of the club, as well as longer-term projects, such as the installation of the clay courts in 2024 and the new floodlights, for which work will start on 5th October 2026.

Many of our members have played a role on the committee in past years and their success is reflected in the club's progress over the last 50 years. Their contribution is very much appreciated. A larger committee enables a wider range of views, shares the workload and better represents the membership. If you are over 18, would enjoy joining the committee and feel you could contribute, we would love to hear from you. Please speak to one of the committee members listed above or email our membership address.
